## Origins and Variations

Daughter of the Moon and Sun, also known by a myriad of names such as Selene-Helios, Artemis-Apollo, and Chang'e-Houyi, has her origins in ancient myths and folklore from around the world. In Greek mythology, she

is identified as Selene, the goddess of the moon, and Helios, the god of the sun, representing the celestial union between these two celestial bodies. In Roman mythology, she is known as Luna and Sol, while in Chinese mythology, she is revered as Chang'e, the moon goddess, and Houyi, the sun god.

### **Attributes and Symbolism**

Daughter of the Moon and Sun is often depicted as a beautiful and radiant goddess, her form embodying the celestial qualities of her parents. She is associated with moonlight, fertility, and the feminine aspects of nature. In some cultures, she is also revered as a goddess of hunting, archery, and the wilderness. Her symbolism extends beyond celestial bodies, encompassing themes of balance, harmony, and the cyclical nature of life.

### **Legends and Tales**

Numerous legends and tales have been woven around Daughter of the Moon and Sun, reflecting her diverse cultural significance. In Greek mythology, Selene is said to have fallen in love with the mortal Endymion, granting him eternal youth and beauty while he slept. In Chinese folklore, Chang'e is depicted as a goddess banished to the moon after stealing the elixir of immortality. These legends have inspired countless works of art, literature, and music, contributing to the enduring legacy of this celestial deity.

### **Legend of Selene and Endymion**

The legend of Selene and Endymion is a poignant tale of forbidden love and eternal longing. Selene, captivated by Endymion's beauty, would descend from the heavens each night to visit him as he slept in a cave on Mount Latmus. To preserve his youth and beauty, Selene cast a spell on Endymion, causing him to fall into an eternal slumber. Thus, Selene could forever gaze upon her beloved, while Endymion dreamt of her nightly visits.

### **Legend of Chang'e and Houyi**

In Chinese folklore, the legend of Chang'e and Houyi tells the story of a great archer who shot down nine of ten suns that were scorching the earth. As a reward, Houyi was granted the elixir of immortality. However, Chang'e, fearing for her husband's safety, drank the elixir herself, ascending to the moon and becoming the moon goddess. Houyi, heartbroken but unable to join his wife, gazes at the moon each night, longing for Chang'e. This legend has become a beloved tale of love, sacrifice, and the enduring bond between husband and wife.

### **Cultural Significance**

Daughter of the Moon and Sun has held significant cultural value in various civilizations throughout history. In ancient Greece, she was worshipped in sanctuaries and festivals, and her image adorned coins and sculptures. In China, the Mid-Autumn Festival is celebrated annually to honor Chang'e and Houyi, a time when families gather to eat mooncakes and gaze at the full moon. In many cultures, the moon and sun are considered symbols of opposing forces, such as light and dark, feminine and masculine, and Daughter of the Moon and Sun represents the harmonious balance between these elements.

## **Festivals and Celebrations**

Festivals and celebrations dedicated to Daughter of the Moon and Sun have been observed for centuries. The Mid-Autumn Festival in China is one of the most prominent, where people gather to honor Chang'e and Houyi by eating mooncakes, watching lion dances, and admiring the full moon. In ancient Greece, Selene was celebrated with festivals and rituals, and her sanctuary at Eleusis was a popular pilgrimage site.
