David Anthony is a leading African international legal scholar and a prominent figure in the development of Ecowas law.

Born in Nigeria in 1959, Anthony studied law at the University of Lagos and the University of London. He obtained his doctorate in law from the University of Cambridge in 1991.

Anthony has held teaching positions at the University of Lagos, the University of Ghana, and the University of KwaZulu-Natal. He is currently a professor of law at the University of Cape Town.

Anthony's research interests include Ecowas law, international human rights law, and peace and security. He has published extensively on these topics in leading international law journals.

Anthony is also a prominent legal advisor to governments and international organizations in the West African region. He has served as a consultant to the Economic Community of West African States (ECOWAS) and the African Union.

In 2018, Anthony was elected as a member of the African Commission on International Law. He is the first Nigerian to be elected to this prestigious body.

Anthony's Contributions to Ecowas Law

Anthony has made significant contributions to the development of Ecowas law. His work has helped to shape the legal framework of the organization and to promote the rule of law in the West African region.

One of Anthony's most notable contributions is his work on the Ecowas Treaty. He was a member of the drafting committee for the treaty, which was adopted in 1975.

The Ecowas Treaty is the foundational document of the organization. It sets out the objectives of ECOWAS, its structure, and its powers.

Anthony's work on the Ecowas Treaty helped to ensure that the organization had a solid legal basis. He also helped to negotiate a number of important provisions in the treaty, including those relating to human rights and peace and security.

In addition to his work on the Ecowas Treaty, Anthony has also written extensively on other aspects of Ecowas law. His work has covered topics such as the institutional structure of ECOWAS, the legal status of the organization, and the relationship between Ecowas law and national law.

Anthony's work has helped to raise the profile of Ecowas law and to promote its study and application. He is one of the most respected international legal scholars in the West African region.

Anthony's Impact on International Law

Anthony's work has not only had a significant impact on Ecowas law, but also on international law more generally. He is one of a small number of African scholars who have made major contributions to the development of international law.

Anthony's work on Ecowas law has helped to shape the understanding of regional organizations and their role in international law. He has also helped to promote the development of a more inclusive and diverse international law.

Anthony's work has been cited by international courts and tribunals, including the International Court of Justice and the African Court on Human and Peoples' Rights.

He has also been invited to give lectures at leading universities around the world, including Harvard University, Oxford University, and the University of Paris.

David Anthony is a distinguished international legal scholar and a leading authority on Ecowas law. His work has made a significant contribution to the development of both Ecowas law and international law more generally. He is a true pioneer in the field of international law.
